Le *Königsbuch* publié par LEPSIUS en 1858 est depuis longtemps épuisé. Notre but est simplement de remettre à la disposition des savants et des voyageurs un livre indispensable pour leurs recherches.

Cet ouvrage est donc en quelque sorte une seconde édition du *Königsbuch* de LEPSIUS, à laquelle on a joint tous les renseignements nouveaux fournis par les fouilles exécutées depuis 1858, et les travaux historiques et archéologiques publiés depuis cette même époque.

Sans doute il s'est glissé dans notre livre bien des erreurs; mais cela était inévitable. Ces erreurs, du reste, seront corrigées dans une seconde édition si elle devient nécessaire.

Dans ce but, nous prions les savants qui trouveraient quelque rectification à faire dans notre ouvrage de vouloir bien nous la signaler. Nous leur serons reconnaissants de ce service qu'ils rendront à la science encore plus qu'à nous.

Nous faisons paraître aujourd'hui la première partie du Livre des Rois, comprenant, ainsi que l'indique le titre, la période de l'histoire d'Égypte qui s'étend de Ménès à la conquête d'Alexandre.

La seconde partie, d'Alexandre à Philippe l'Arabe, est en préparation et paraîtra dans quelque temps.

Nous espérons que cet ouvrage rendra aux savants quelques services et nous nous croirons, s'il en est ainsi, largement récompensés.

sés des longues et fatigantes recherches que, tout imparfait qu'il soit, nous a coûtées le classement de ce catalogue royal. Sans doute, il nous eut pris beaucoup plus le temps encore et causé beaucoup plus de peines si nous n'avions été aidés par les travaux préliminaires de savants tels que *LEPSIUS*, *DE ROUGÉ*, *LIEBLEIN* et bien d'autres, auxquels nous ne saurions trop exprimer ici notre gratitude.

BOULAQ, le 30 août 1886.

Tous ces noms ont été recueillis par LERSIUS dans les tombeaux qui avoisinent les pyramides de Ghizeh et ceux qui forment la Necropole de Saqqarah.

La plupart de ces tombeaux sont publiés dans les *Denkmäler* de LERSIUS et ont été étudiés par MM. DE ROUGÉ, LAUTH et LIEBLEIN, auxquels nous renvoyons pour de plus complètes informations.

DYNASTIE XXIV.

La XXIV^e dynastie, comme la XXI^e se subdivise en deux parties, formant deux dynasties parallèles. L'une, celle qui comprend l'unique roi Bocchoris, occupait Saïs; l'autre est représentée sur les monuments par les premiers conquérants éthiopiens qui descendirent peu à peu la vallée du Nil et la soumièrent entièrement grâce à la valeur de Piankhi et de Sabacon.
